

1) Take a look at the powerpoints I provided specifically for special relativity. (You can find a link to them on our main course webpage).

In the space below, enter the letters for the answers you would choose for the three concept tests labeled

1) CT: SR23. Your answer: _____

2) CT: SR25. Your answer: _____

3) CT: SR34 (the very last one in the file) Your answer: _____

2) In the space below, briefly give the reasoning you used for the answers to the three concept tests you answered in the previous question.

3) As usual, go up to the "discussion" tab, and join this week's "preflight" discussion. Post your question there, or, if there are already some good questions, READ them and reply, give your best answer (or comment, or related question...)
