

Phys 3320 Fall 2011

Your name:

(If different from the above, what do you prefer to be called?)

Any information we (your 3320 instructors) should know at the start of the term about you?

---

1) Name or briefly describe an E&M problem you know you can solve (right now)

2) Name or briefly describe an E&M problem you know you cannot solve (right now)

3) What was the best part of your E&M 1 class, *in terms of what helped you learn*.

4) What is (at least) one thing you would like to see done differently this term, to help you best learn E&M 2?
